reporting regarding the continued compliance by VoIP service providers with E911 requirements.

Broadvoice, Inc. is among the many providers which have devoted significant resources to notifying each of their subscribers of the limitations of their 911 service and obtaining acknowledgements from each of their subscribers. Indeed, Broadvoice is proud to inform the Commission that there is currently a 93.82% response from its customers as of October 25<sup>th</sup> acknowledging and voluntarily excepting themselves from otherwise enforceable VoIP E911 requirements. Broadvoice anticipates additional follow-up to ensure greater compliance, *i.e.*, an acknowledgement rate approaching 100% of its customer base.

If you should have any further questions, please do not hesitate to contact me at the above.

Sincerely,

Cf/jrs
